Name of Warriors Fanfiction:
Author:

Curled Silence by MyseriousCurl

***WarriorsInterviews* here! Leopardclaw will be reviewing "Curled Silence" by MysteriousScrub (or MysteriousCurl like they are usually called) as requested by ScrubFlame (or chromeflame as he is usually called).**
Here we go!

Leopardclaw: The first thing I like to look for in a Warriors fanfiction is the Allegiances. I like to know what the cats look like, what Clan they are in, their names, etc. This book starts out with the Allegiances, so MysteriousCurl, you get 10 points for that.

Current Score: 10

Leopardclaw: The next thing I look for in a Warriors fanfiction is accuracy. The spelling, grammar, and connection to the Warriors series all play into this.

The Allegiances look great so far, no errors in spelling, grammar, or the warrior names.

The Clan names are in the right format, the Allegiances format is correct, and I notice that Curl is going for a sequel to Bramblestar's Storm, which was written by the Erin Hunter author group.

The rest of the Allegiances look great and I see that there are four new cats: Curl, Blaze, Nickel, and Penny.

Great job on the Allegiances, Curl! You get 10 points for that as well..

Current Score: 20

Leopardclaw: Chapter One...Curl missed a comma after "green eyes like mine..." to "...wild with terror.", but that's nothing short of a

small punctuation error, so it's not counted off.

The overall grammar and spelling use is satisfactory for easy reading. 10 points to MysteriousCurl!

Current Score: 30 points

Leopardclaw: I like the beginning; the humor is a nice fit to the introduction to the cats. Plus 5 points to Curl!

Current Score: 35 points

Leopardclaw: Oh! I forgot something. The Prologues are usually in Warriors fanfictions, but it is absent in Curl's book. No points for that. It would have been 5 points. Oh well. Continuing on.

Current Score: 40 points

Leopardclaw: There's a cat named Tabby...interesting choice of names...not in a bad way...it's just...interesting.

They seem to be kittypets in the beginning, so they understand human language somewhat. Words like "house" and "barn" and whatnot. Also they call humans by their actual name and not by "Twoleg".

Very nice cliffhanger at the end of Chapter One. 5 points.

Current Score: 45 points

Leopardclaw: Chapter Two...a very action-packed introduction. I like it! 5 points

Current Score: 50 points

Leopardclaw: Chapter Two looks great! I don't even need to note anything! I'm just about speechless! Or is it wordless? Oh well. 20 points to you, Curl!

Current Score: 70 points

Leopardclaw. Chapter Three...a great chapter! Very lengthy and

written just as the Erins would! I give you 20 points, Curl!

Current Score: 90 points

Leopardclaw: The rest of the book may as well be worth 50 points for being well-written!

Current Score: 140 points

Leopardclaw: And 10 points for a completed book bonus!

Final Score: 150 points

Leopardclaw: The book was well written and stuck close to the Warriors series very well. The point system is for fun, but I honestly love this book.

The next thing is the first chapter...some grammar errors, but the names are in the correct format with a prefix and suffix... +10 points for correct name format!

Current Score: 10 points

- *WarriorsInterviews*

Warriors Legacy by Aussie_Sweg

Leopardclaw: The first thing I like to look for in a Warriors fanfiction is the Allegiances. I like to know what the cats look like, what Clan they are in, their names, etc. This book has the Allegiances after the Prologue. They do have the Allegiances, but the Prologue is before it, so I'm gonna have to dock about 10 points so far. 50 points for Allegiances being in it :D

Current Score: 40

Leopardclaw: The next thing I look for in a Warriors fanfiction is overall writing accuracy. The spelling, grammar, and connection to the Warriors series all play into this.

The Allegiances look a bit messy, but that's just me being nitpicky about the Medicine Cat being labeled "Med" and the hyphens not being spaced out by one (shown as "Warriors-" instead of "Warriors -". "She-cat" is written here as "shecat", so no extra points on that.

The Clan names are in the right format however, so 10 points for that. The overall Allegiances format is actually not as bad as I made it sound, so 40 extra points for that!

Current Score: 90 points

Leopardclaw: The Prologue has "shecat" instead of "she-cat", but that's a minor mistake, so no points really docked. I'll be generous :D

Clans should be capitalized, though, so no extra points for that.

Good use of punctuation and dialogue, so 30 points for that!

Paragraphs are a bit messy though, so no extra points for that either.

Prophecy in the Prologue! Perfect! 20 extra points!

Current Score: 140 points

Leopardclaw: Chapter One. The overall grammar and spelling use is excellent, so 60 points for that (I'm being very generous with this, so good job, Aussie for doing well so far!)

Good cat names as well, so an extra 10 points.

Amazing use of spelling, grammar, punctuation, spacing, so 20 points for those marks.

Easy-to-follow storyline, so 30 points for that.

Current Score: 260 points

Leopardclaw: This fanfic has really long chapters of great quality, so 100 points for that!

Current Score: 360 points

Leopardclaw: Chapter Two...Ooh, this chapter is a bit messy with really bunched up paragraphs. The paragraph spacing is also a bit clunky. Time skip has a bit of a weird format. Bold and italics...erm...no extra points here. Still alright!

Current Score: 360 points

Leopardclaw. Chapter Three...capitalization is a tiny bit off on the Clan names and the normal writing as well as dialogue. But 40 points for a good story!

Current Score: 400 points

Leopardclaw: Chapter Four...oh I see Aussie added tags for two apprentices. Interesting uniqueness. 5 points.

Current Score: 405 points

Leopardclaw: And no 10 points added for a completed book bonus.

Final Score: 405 points

Leopardclaw: The book was mostly well written, had a little parts that were a bit messy, but overall good.

Laugh Out Loud by bluestar4ever1444

I can't find the user or book so I can't review it :(

Oh My StarClan by bluestar4ever1444

Once again, cannot find the author/story, so can't review.

Not Another One by bluestar4ever1444

Same as the last few chapters; can't find user, can't find story.

Starkit's Prophecy by x.darkroses.x

Leopardclaw: So obviously this one was a complete parody, or at least that's what some people assume by the StarClan-awful writing it contains. Allegiances are called "Alliances", so we may actually need to DOCK points instead of adding. -1 for wrong Allegiances title.

Current Score: -1 points

Leopardclaw: Allegiances have JayFeather capitalized as such, missing t in she-cat under Sandstorm, so -2 points.

Current Score: -3 points

Leopardclaw: DEAR STARCLAN THE CAPITALIZATION! -20 points

Current Score: -23 points

Leopardclaw: "The last 2 r starKits siters", no, please, no. -10 points for making me read that.

Current Score: -33 points

Leopardclaw: "(shes a different cat then the one in tC ok?)" Minus 10 points for that unneeded comment.

Current Score: -43 points

Leopardclaw: OH DEAR STARCLAN THE CHAPTER ONE PROLOGUE IS TITLED "Chpater oen prouloge"! WHO SIGNED ME UP FOR THIS REVIEWING JOB? *looks at contract that doesn't exist* Oh I did. Welp, let's dock those 5 points!

Current Score: -48 points

Leopardclaw: The capitalization and punctuation needs to go in the

Dark Forest or they already have been there. -10 points.

Current Score: -58 points

Leopardclaw: Spacing in Chapter to the rose of a Heroin is bad. "Ohmigosh its my serimony", "exercisedly", "squelled", "cot", need I say more? -30 points for spelling hell.

Current Score: -88 points

Leopardclaw: Well it clearly says "REVEIW or ill hit over the head with a frying pan!", but I'm not sure what's going to be hit over the head as it's not specified, so I think we're safe from whatever "reveiewing" we're doing here.

Current Score: -88 points (no points added; just a side comment)

Leopardclaw: Chapter three the Battle 4 the caln. -5 for that spelling and stuff.

Current Score: -93 points

Leopardclaw: "stop flmaing the stroy!"? Okay, sure let's go with that. What Twolegs are "flmaing" this "stroy"? None? Okay moving on.

The spelling, dear god.

"ples no more flam". Nope, let's dock 50 points.

Current Score: -143 points

Leopardclaw: How is this still Chapter Three? There are two Chapter Threes? What the Dark Forest?!

Oh they got really hurt from the flames, so let's go ahead and give em a -1 for good measure.

Current Score: -144 points

Leopardclaw: WAIT THERE ARE 34 CHAPTERS?! I HAVE NO TIME

FOR THIS, GOODBYE STARKIT'S PROPHECY YOU DARK FOREST FANFIC! -100 points

Final Score: -244 points

Leopardclaw: I have nothing more to say on this.

Wingstar's Prophecy by EdgeyAspensnow

Leopardclaw: Oh this one has 67 chapters. Dear StarClan, save me from this review.

Allegiances is spelled wrong ("Allegianges"), so no points for that.

The Allegiances is formatted correctly, though, so 50 points for that.

Current Score: 50 points

Leopardclaw: Prologue set after the Allegiances, 20 points!

Current Score: 70 points

Leopardclaw: Chapters are pretty short, so that explains why there's 67 of them. No extra points for that.

Current Score: 70 points (no change from Prologue-Chapter 1

Leopardclaw: Kittypets! Extra 10 points for originality so far!

WAIT A MINUTE THIS CAT HAS WINGS. OH DEAR STARCLAN NO! MINUS 60 POINTS FOR WINGED CATS!

Current Score: 10 points

Leopardclaw: No extra points for Chapter 3.

Current Score: 10 points (no change from Chapter 2-Chapter 3)

Leopardclaw: I can't even keep reading this knowing there are wings on this cat throughout the entire thing. Goodbye.

Final Score: 10 points

Leopardclaw: *in background of the place she reviews the fanfics from*

What in the Dark Forest gave Aspen the idea to give a cat WINGS!?

~*WarriorsIntervi*

Wings by GoldenHorseYT

Unfortunately, I can't find this one, so no review. I hope it had nothing to do with wings again.

Larksong's Purpose - ?

And I couldn't find it, so no review. :P

Hawktail's Revenge: Call of the Stars Book 1 by StarWarrior4

Yay! I could find this one!

Leopardclaw: Prologue, but the Allegiances are after them! Great! No points for that! But you actually have the Allegiances, Star, so 40 points for that.

Current Score: 40 points

Leopardclaw: Ok, so the punctuation is apostrophes instead of double quotes, so that's a deduction of 10 points.

Current Score: 30 points

Leopardclaw: Good punctuation on the dialogue. An added 20 points.

Current Score: 50 points

Leopardclaw: "She-cat" is hyphened correctly. Additional 10 points for that and 20 points for correct capitalization of Clan and the cat names!

Current Score: 80 points

Leopardclaw: Alright the Allegiances! Clan is capitalized correctly, 10 points again!

The hyphens are a nitpicky thing of mine without the correct spacing, so no points deducted or added for that here.

Batpelt is an interesting name actually as is Garlicflower, so +30 points for originality!

Current Score: 120 points

Leopardclaw: Great Allegiances descriptions! +20 points!

Current Score: 140 points

Leopardclaw: Chapter 1! Oh dear gosh, there are paragraphs without spacing between them in this entire chapter that it's literally like a wall of left-aligned text. No extra points for correct paragraph format. And there are the apostrophes instead of double quotes, so no extra points.

Current Score: 140 points (no change from Allegiances-Chapter 1)

Leopardclaw: The overall writing style, use of words, grammar, spelling, and such is very top quality, so a bonus 80 points for that for the rest of the book.

Final Score: 220 points

Actually this is a really good one so far.

~WarriorsInterviews

Blazing Stars - Sun's Blood Book 1 by kawaiicatqueen

Can't find this one sorry. Wish I could; the title is amazing.

Journey of Four by All_the_writings

Alright I found this one!

Leopardclaw: Once again, the Prologue is here, but no Allegiances. 10 points for having the Prologue though!

Current Score: 10 points

Leopardclaw: Good use of spelling, grammar, dialogue (could be improved with copy pasting the longer dash instead of the hyphen, but that's a nitpicky thing), and such. An extra 30 points.

Current Score: 40 points

Leopardclaw: The story is very interesting so far, good use of word choice and style of writing. 50 points added.

Current Score: 90 points

Leopardclaw: Also the capitalization of the names and Clans are all correct, so a bonus of 60 points for that!

Current Score: 150 points

Leopardclaw: AMAZING use of paragraph indenting and spacing! 70 points for that because it seems to be missed in these previous fanfics!

Current Score: 220 points

Leopardclaw: Still a great story, so +30 points.

Current Score: 250 points

Leopardclaw: Lengthy chapters, so +50 points for that!

Current Score: 300 points

Leopardclaw: The rest of the book looks excellent, so +50 more points for that!

Final Score: 350 points

I recommend this one to be read!

~*WarriorsInterviews*

Rain from Fire by Soramoon14

Found this one.

Leopardclaw: I'm sorry, Sora, but the capitalization of everything as well as the spacing and misspelling a bit and the format of the Allegiances is so messy. But you have the Allegiances, so 5 points.

Current Score: 5 points

Leopardclaw: Okay so the rest of the allegiances is based off the books, so no originality for names and descriptions. No extra points. Sorry, Sora.

Current Score: 5 points (no change in Allegiances)

Leopardclaw: "(Too many apprentice.....Who cares!)"? Get out of here with that useless sidenote, Sora. -5 points

Current Score: 0 points

Leopardclaw: Dear StarClan, the capitalization everywhere is a mess! -10 points.

Current Score: -10 points

Leopardclaw: I will add that the story seems to be okay, but Squirrelflight ends up cutting herself, so what the Dark Forest? Is that supposed to be self-harm in Warriors because that's a very serious topic even for Warriors and it doesn't really seem to be a good part to include for a series read by a younger age group. -10 points.

Current Score: -20 points

Leopardclaw: I'm just gonna waive the capitalization for Chapter 1.

OKAY HOLD ON A MINUTE, FLAMEPAW FACEPALMS! WHAT THE DARK FOREST?! NO! BAD SORA! No cats can facepalm! -20 points!

Current Score: -40 points

Leopardclaw: I'll be generous and give you about 10 points back for the story.

Current Score: -30 points

Leopardclaw: Nothing else to add, but it's not as bad as Starkit's Prophecy, so +50 points for that.

Final Score: 20 points

It's alright for the story; there's just a mess.
